

# HIGH PERFORMANCE ELECTRO STATIC FUME EXTRACTOR

## The easiest way to eliminate oil mist at source

Cost effective  
oil mist  
removal

Easy to install  
and maintain

Low energy  
consumption

Best in quality  
and prices

## BREATHE GREEN

Individual filter APL-DPS- 1100 has been designed for small and medium sized machine tools. The compact design uses very little space. The filter can be flexibly installed on or beside a machine. Energy efficient and powerful, it filters out particles of up to 0.1  $\mu\text{m}$  from air volumes of up to 1000  $\text{m}^3/\text{h}$ . The optimum solution for oil smoke as well as oil and emulsion mist filtering.

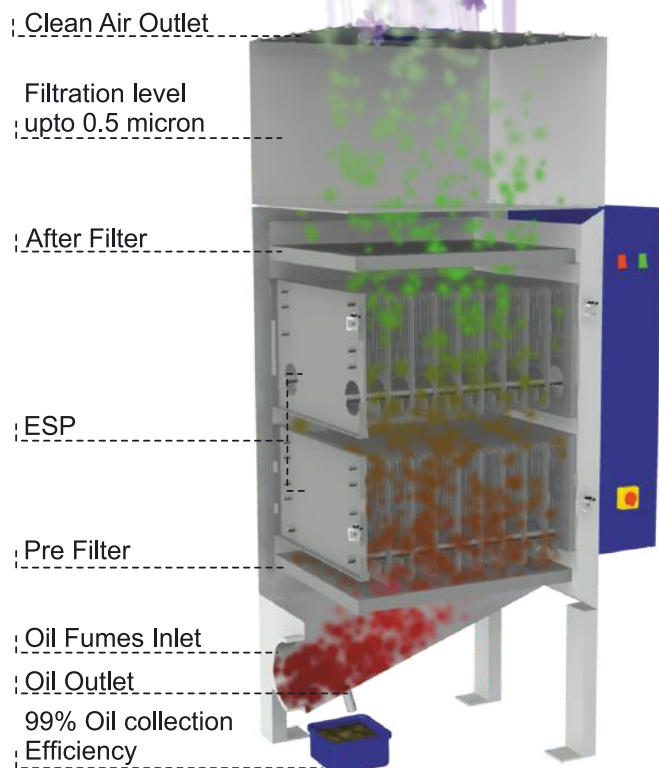

Not require any filter as arch spares in next 5 year and not require clean filter every month.
